

Murukan Gopinathan, Senior UX Designer
Bengaluru, Karnataka 560062, India, 8073795328, mkbs3315@gmail.com

PROFILE

Senior UX Designer with 12+ years building end-to-end, user-centered experiences for complex B2B products in maritime logistics, insurance, and telecom. Turn AI-assisted and traditional research into intuitive workflows, interactive prototypes, and accessible, high-fidelity UIs that reduce friction and speed adoption. Partner cross-functionally to ship scalable design systems and validate through usability testing, driving gains in task completion and customer satisfaction. Trusted facilitator of stakeholder alignment and seamless design-to-dev handoffs.

EMPLOYMENT HISTORY

Jan 2021 Sept 2025

Senior UX Designer, Solverminds Solutions and Technologies

Spearheaded UX design for marine cargo and vessel management applications, aligning user needs with business objectives. Conducted AI-assisted and manual research to create intuitive workflows.
